Objective

Motivated Software Development Engineer in Test (SDET) student with hands-on experience in test automation, software development, and quality assurance. Proficient in multiple programming languages and testing frameworks. Seeking an internship or entry-level position to apply my skills in software testing and contribute to delivering high-quality software solutions.

Education

Bachelor of Science in Computer Science

University of Example - Expected Graduation: May 2025

GPA: 3.7/4.0

Skills

Programming Languages:

Java, Python, JavaScript, C#, SQL, HTML/CSS

Test Automation Tools & Frameworks:

Selenium, JUnit, TestNG, Cypress, Postman, JMeter, Appium

Development Tools:

Git/GitHub, Jenkins, Docker, Maven, Gradle

Operating Systems:

Windows, Linux, macOS

Databases:

MySQL, MongoDB, PostgreSQL

Cloud Platforms:

AWS (Basics), Azure

Bug Tracking and Test Management Tools:

JIRA, TestRail, HP ALM

Projects

Automated Testing Framework for E-Commerce Website

Developed a Selenium-based automation framework for testing an e-commerce application. Implemented Page Object Model (POM) for reusability and maintainability. Integrated with TestNG for test execution and generated test reports using Allure.

API Testing with Postman and Newman

Created and automated API test cases for a RESTful web service using Postman and Newman. Performed functional, security, and performance testing of endpoints.

Mobile Testing with Appium

Developed automation scripts using Appium to test Android and iOS applications. Automated functional tests for user authentication and in-app navigation.

Experience

Software Test Intern

Collaborated with the development team to design and execute manual and automated tests for web applications. Identified and reported software defects using JIRA. Wrote and executed test cases using Selenium with JUnit, achieving 85% test automation coverage.

Certifications

Certified Software Tester (CST), ISTQB Foundation Level, 2024

Selenium WebDriver with Java, Udemy, 2023

API Testing with Postman, Coursera, 2023
